This statement is in relation to 13 arrests I made on THURSDAY 08TH SEPTEMBER 2022 at 10:56AM at MOSQUITO WAY, HATFIELD for Aggravated Trespass and Criminal Damage. I was on duty and in full uniform.
I became aware of an incident at the site and attended. When I first arrived on scene, I activated my personal issue body worn camera (P33021) which I have since uploaded to DEMS. My body worn camera picks up my initial attendance and shows the suspects on top of the lorry and then shows me walking them out of the facility and then me arresting them on the green of MOSQUITO WAY.
I arrived inside the Arla site at Hatfield and became aware of 13 persons within the site that clearly shouldn't be there. I drove on to the site in to a large area where lorries were stationary and alighted from my marked police vehicle. I could see a cab of a lorry that was without a trailer and the tops of heads of a number of people around it and on top of it. Initially, I was the only uniformed officer present that I was aware of albeit I came to know that there was another officer present wearing all black. I observed the persons on the cab of the lorry and reported back to our control room as to what the situation on site was.
As I stood and observed those on the lorry, I could also see further people behind them walking around being watched by PCSOs that had arrived before me and staff from the site that were identifiable from their High vis jackets. They were all within the fenced and gated boundary of Arla and were holding flags and talking to eachother and they had been corralled by staff and PCSOs. Those on the lorries then started to come down to the ground and join the others in to a group. I then watched as the group started to walk towards the gates of Arla and myself and the PCSOs were around them, walking with them whilst I was communicating with our control room and waiting for further officers to arrive.
The group walked out of the site and sat on a bank of grass next to a roundabout outside the site on Mosquito Way. I remained with them, as did the PCSOs.
I then received information that the persons had entered the site and used drills to drill holes in to numerous lorry tyres causing damage. After a few more officers arrived, upon instruction from Inspector SUCH, I read out the time which was 10:56AM and said "YOU ARE ALL UNDER ARREST ON SUSPICION OF CRIMINAL DAMAGE AND AGGRAVATED TRESPASS – YOU DO NOT HAVE TO

SAY ANYTHING HOWEVER, IT MAY HARM YOUR DEFENCE IF YOU DO NOT MENTION WHEN QUESTIONED, SOMETHING WHICH YOU MAY LATER RELY ON IN COURT, ANYTHING YOU DO SAY MAY BE GIVEN IN EVIDENCE – THE NECESSITIES OF YOUR ARREST ARE TO ALLOW PROMPT AND EFFECTIVE INVESTIGATION BY MEANS OF INTERVIEW AND TO ALSO PREVENT ANY FURTHER DAMAGE TO PROPERTY.

None of the 13 persons I arrested made any response to caution after being arrested, they just all looked at me and smiled and seemed to understand why they were being arrested. Due to the number of prisoners, other officers at the scene then assisted in the physical detention and search of prisoners and conveying them to available custody suites. I was not aware of the names of the 13 persons I arrested at the point of arrest but I have subsequently reviewed the custody suites and images of detainees and can now as a result identify them by name.

I have reviewed all of the HATFIELD & STEVENAGE prisoners and have confirmed their details.

Myself and PC 157 ORCHARD (NB535) conveyed 3 prisoners to Stevenage custody suite. Robert HOUSTON custody reference 41E1/3525/22 and I took photographs of him which I exhibit as JM/01,2 and 3 along with a further detainee, Bryan MONGELLI custody reference 41E1/3526/22 who I did not have the opportunity to obtain images of. The third prisoner was Radim SANDR custody reference 41E1/3523/22 and I exhibit images of him as JM/04, 5 and 6. I also seized SANDR's mobile phone which I exhibit as JM/07 and have uploaded this to the PMS system under the reference: B2/043710/22.

I have then reviewed all of the custody records and incident log and have established the continuity of which officers conveyed which of the persons I arrested and ultimately the identity of those I arrested.

PC 509 GILES (NB745) – conveyed Nikola MURATOVA custody reference 41E1/3522/22 to STEVENAGE CUSTODY, from reviewing the custody photo, I can confirm that this is the female that was part of the protest group I arrested.

PC 1044 HALL and PC 451 PHILLPOTTS (ND528) conveyed Vojtech PALENCAR custody reference 41E1/3524/22 to STEVENAGE CUSTODY. Images of the suspect were obtained by PC 1044 HALL and from reviewing these images shown to me by PC HALL, I can confirm that this is the male that was part of the protest group I arrested.

I have then reviewed the incident log and from identifying the attending officers and then reviewing the custody records, I can state that the following prisoners were also arrested by myself.

PC 1595 WILLIAMS (NJ724) conveyed Xanthe WELLS custody reference 40AD/2578/22 and Anna WILKINSON custody reference 40AD/2577/22 to KEMPSTON CUSTODY.

PC 1470 KANETSKI (NB737) conveyed Elinor JOSEPH custody reference 40AD/2574/22 to KEMPSTON CUSTODY.

PC 1581 MORTON & PC 1594 GOTTMANN (NT722) conveyed Jan KRATKY custody reference 40AD/2576/22 to KEMPSTON CUSTODY.

PC 848 BERWICK (ND730) conveyed Kim WAINWRIGHT custody reference 40AD/2575/22 to KEMPSTON CUSTODY.

PC 259 BULTITUDE (NJ748) conveyed Solene RASHLEIGH custody reference 40AD/2570/22 to KEMPSTON CUSTODY.

PC 1542 HYLANDS & PC 2890 VASS (NF522) conveyed Rueben LEMER custody reference 40AD/2571/22 to KEMPSTON CUSTODY.

This statement is in relation to the arrest of two persons on suspicion of CRIMINAL DAMAGE and three persons AGGREVATED TRESSPASS.

I was on duty under callsign TS45 double crewed with PC 63 JONES when a call was received that there were potential protesters on site at ARLA FOODS, 4000 MOSQUITO WAY, HATFIELD.

While on route to the location I heard on the radio that NB521 had arrested one on suspicion of criminal damage.

I arrived and overheard from staff that the group of protesters had used drills to drill through lorry tyres within their fleet. I was directed to the other side of the building where the group had now run off to.

As I got to the other side of the building, I noted a large group of approximately fifteen people moving around the building away from me. As I pulled up, I noticed two males both holding a drill each in their hands. The male on the right was holding a yellow and black drill in his right hand and the male on the left was holding a dark coloured drill in his right hand. I therefore got out of my vehicle, approached both males and said " STOP, STAND STILL, YOU ARE UNDER ARREST ON SUSPICION OF CRIMINAL DAMAGE" I fully cautioned both males with no reply from either and I placed one of the males I now know to be Vaclav OPATRIL into handcuffs in a rear stack as I noted that my colleague had continued walking towards other members of the protest group and I was now on my own with two arrested. I then said TIME OF ARREST IS 1023HRS. The other male I arrested I now know to be Stephen BONE appeared to be compliant as well as the other female who I now know to be Cristina ACOSTA. All three sat down on the floor. I then explained to BONE that he may not have fully heard me, so I explained to him saying "YOU ARE UNDER ARREST ON SUSPICION OF CRIMINAL DAMAGE" and I fully cautioned him again. I also explained "THE NECESSITY FOR ARREST IS FOR A PROMPT AND EFFECTIVE

INVESTIGATION BY MEANS OF AN INTERVIEW AND TO PREVENT ANY FURTHER DAMAGE TO PROPERTY". I did not place BONE in handcuffs as my colleague PC JONES returned to me.

During this time, I could hear that the remainder of the group had left the inside of the site within Arla and had made their way back around to the pedestrian entrance and were now outside. I waited for a further unit to arrive to assist in conveying. I also placed both seized drills into separate evidence bags and placed them into the boot of my marked police vehicle.

I then searched both arrested males under section 32 of PACE prior to placing them into the rear of my marked police vehicle where I found nothing further of any significance.

I then received direction from Oscar One that anyone within the grounds of Arla should be arrested on suspicion of aggravated trespass. I therefore explained to ACOSTA, "TIME IS 1047HRS, I AM ARRESTING YOU ON SUSPICION OF AGGRAVATED TRESSPASS, Fully Cautioned with no significant response and then said, "NECESSITY FOR ARREST IS FOR A PROMPT AND EFFECTIVE INVESTIGATION BY MEANS OF INTERVIEW AND TO PREVENT AND FURTHER DAMAGE TO PROPERTY".

I then spoke to both arrested males and further arrested OPATRIL at 1055hrs and BONE at 1056hrs on suspicion of AGGRAVATED TRESSPASS. I explained to both males that the same caution still applies.

I then conveyed both OPATRIL and ACOSTA in my vehicle along with PC JONES and PC 281 along with PC 2573 conveyed BONE to Hatfield custody where all three detention was further authorised by the custody sergeant. During this time, I took head to toe pictures of the suspects which I will exhibit as:

- DJG/06- Image of OPATRIL
- DJG/07 – Image of BONE
- DJG/09 – Image of ACOSTA

I have then returned to the report writing room where I have completed the relevant paperwork and booked in seized property and took pictures of both seized items which I will exhibit as follows:

- DJG/01 – Yellow/Black Drill
- DJG/02 – Blue/Black Drill
- DJG/03 – Picture of Yellow/Black Drill
- DJG/04 – Picture of Blue/Black Drill

I also downloaded my body worn camera (P59693) footage to the secure DEMS storage system which I will exhibit as DJG/08.

This statement is in relation to a protest which happened at ARLA, Hatfield on the 8th September 2022.

ARLA is a dairy logistics company where I work. I have worked at ARLA for 12 years and I work in the stock team. My role as stock controller involves managing a team of people and keeping my eye on problems involving stock or distribution issues. I work in the dispatch office which is opposite the security office and is located at the back of the building where all the lorries are parked. The lorries are either waiting for stock to be loaded onto them or have bought stock in. I believe most of the lorries damaged today by the protesters were having stock loaded onto them.

At around 10am I was in the dispatch office talking to the vet who was on site. The vet who I know to be called OLIVIA went to check a trailer number for a lorry which was going to Ireland. OLIVIA then came back and said that she thought she could see protesters on site. I have then left the office, stood on the steps which face the security office, I could see my managers MARK and DANIELLA and some other staff members in hi-vis vests. I have then seen what I believe to be protesters going in between the parked lorries. The protesters have had drills and flags in their hands. I could tell they were protesters due to the banners they were waving. I believe one of the banners said something about 'PLANT BASED'. I think I saw two or three people with drills in their hands and believe I saw fifteen people protesting overall. The three protesters who were holding drills were holding them in their hands. One protesters had the drill in their hand and was holding it down towards the ground however, one of the protesters was holding the drill up like a gun. I think one protester who was holding the drill was male

and the other one was female and I cannot remember the sex of the other protester. I remember seeing one of the drivers try to stop the protesters and they pushed past him like they did not care.

The next thing I remember is feeling panicky. I suffer from panic attacks due to anxiety and over the last few months it has got worse, I am currently waiting to see a specialist about this. I remember feeling scared and uneasy about seeing the protesters. I started to shake and I felt really worried. I was worried about what the protesters might do. The protesters didn't really look at me or look like they wanted to get into the building however, it was the uncertainty of what they would do which is what made me feel scared and anxious. In the twelve years I have worked at ARLA I have never experienced any protests so this experience was new to me. I remember sitting down on the bottom step because I was worried I was going to pass out and hurt myself. Two of my colleagues KELLY and CHRISTINA, who are first aid trained, were standing near me and came to my aid. I felt myself going to pass out but KELLY held me so I didn't. I remember my chest starting to feel really really tight and I felt like I couldn't breath properly. Both KELLY and CHRISTINA were talking to me saying things like 'BREATH BREATH'. I then went back into the office and sat down. At this point I remember feeling really dizzy and I could see black spots flashing before my eyes. I usually experience the flashing when I am having a panic attack. I believe this whole incident lasted about 5 minutes. I am also suffering from acid reflux which is bought on by stress.

Two hours after the incident I am still feeling shaky and anxious. Due to the security situation, I am unable to leave the building and walk around which is how I usually cope with my anxiety. This is making me feel much worse. I haven't been able to eat properly since the incident as I feel sick. I have tried to work as normally as I can however, I cannot concentrate due to the anxiety I feel. It is taking me much longer to concentrate on tasks due to how I feel. I do not know if I will be able to come back to work tomorrow. It will depend on how anxious I feel when I wake up. I feel angry that the protesters have wasted time and money. There will be drivers for example, who will now have to work later and this makes me feel angry and upset that they will not see their families.

This is a statement in relation to an incident that occurred on THURSDAY 8th of SEPTEMBER 2022 at approximately 1030hrs on the Arla delivery yard on GYPSY MOTH AVENUE, HATFIELD, HERTFORDSHIRE, AL10 9US.

On THURSDAY 8th of SEPTEMBER 2022 at approximately 0700hrs I was on duty and I was coordinating the lorry trailers into the warehouse bays.

At approximately 1000hrs I went to the town to buy some food and shortly after I received a call by another colleague who informed me that there is a group of people at the back yard and they are causing damage to the lorry tyres.

As soon I was informed of what was happening I rushed back to the warehouse so I can help with the situation. Whilst on the way back a lot of things were going through my mind. Before I arrived at the location I felt scared as I did not want to get hurt and I didn't want anything to happen to me as I got a partner to look after and a baby on the way.

As soon as I got to the back yard I could see police cars and I could see police officers had already arrested some people.

I was not involved at all in the incident but the whole situation has affected me as I have not had a break after eleven hours of work due to the incident.

Nine Just Stop Oil supporters found guilty after disrupting the UK's largest oil terminal

Court & Prison, Press / March 8, 2023

Nine Just Stop Oil Supporters have been found guilty after causing disruption to the flow of oil out of the largest fuel terminal in the country in 2022. The Just Stop Oil supporters were demanding that the government halt licensing and consents for the development of any new fossil-fuel projects in the UK. [1]

Tez Burns Rik Vanhoutteghem and one other appeared before Judge Donoghue, at Chelmsford Magistrates Court, on Monday. All three were charged with aggravated trespass at Navigator Fuel Terminal in Grays, Essex, on the 4th April 2022. Tez Burns was sentenced to an 18 month conditional discharge with costs of £215 and Rik Vanhoutteghem was given a 60 hour community order, with costs of £270. Michael Brown pleaded guilty to the charge of Aggravated Trespass, at Navigator, on the 1st April 2022, and was given a 40 hours community order, as well as fees of £160. [2]

Rosa Sharkey, Oliver Stevens and Alexandra Mulvey appeared before Judge Donoghue on Monday and Tuesday, also charged with aggravated trespass, at Navigator, on the 4th April 2022. In addition, they have been charged with wilful obstruction of the highway, at the same terminal, on the 1st April 2022. Rosa Sharkey, Oliver Stevens and Alexandra Mulvey have each been fined £414 inclusive of court fees and surcharge.

Louis McKechnie, and Matthew Powell appeared on Monday and Tuesday, solely in relation to obstruction of the highway, at Navigator, on the 1st April 2022. Louis McKechnie was fined £354, inclusive of court fees and surcharge. Matthew Powell received a 12 month conditional discharge and was charged £144 in fees. [3]

Speaking after the trial on Tuesday, Oliver Stevens, 20, a biology student from Bristol, said:

"I took action with Just Stop Oil out of desperation to secure a future that is liveable, both for my generation and future generations."

"We are seeing normal members of the public realising that the government will not commit to any meaningful actions to prevent irreversible climate breakdown, and so we are left with little choice but to force the government to act."

A Just Stop Oil spokesperson said:

"History will not look kindly on the judges that have criminalised these good people for taking a stand against an industry that is wreaking havoc on our communities. Oil companies have bought our politicians and engaged in a concerted effort to lie about the impact of burning fossil fuels and mislead the public for decades. As the worst drought in 500 years continues across Europe, crops are failing and currently we are already seeing rationing in supermarkets."

"We say to all those working in the judiciary, who are co-operating with these trials; take a stand, or let history be the judge of you. Those complicit in climate crimes will be held to account one day, it is simply a matter of time."

Since the Just Stop Oil campaign launched on the 14th February 2022, there have been over 2,000 arrests and 138 people have spent time in prison, many without trial. There are currently two Just Stop Oil supporters and two Insulate Britain supporters in prison whilst awaiting trial or serving sentences for actions taken with the campaigns.

We stand with these four supporters in prison, with the 1,800 victims of our broken criminal justice system, imprisoned for over a year without trial and with the 1,700 murdered across the global south, for protecting all our lives. [4] [5]

This is the moment for us to come together and resist the destruction of everything we love, something that is being imposed on us by a few, who only seek to enrich themselves.

We're done with begging. We are going to stop new fossil fuel projects whether those in power agree or not. As citizens, parents and children, we have every right under British law to protect ourselves and those we love.

We are the last generation who can solve this. Will you step up? Join us and Just Stop Oil.

- Today, Animal Rising has released a photo of the three lambs rescued from the Sandringham Estate last May. The photo shows the lambs fully grown, happy, and healthy.
- On 24/5/23, three women (Rose, Sarah, and Rosa) rescued three lambs from King Charles III's Appleton Farm to save them from being killed for meat and begin "a national conversation about our broken relationship with other animals and the natural world" [1].
- Despite saving the lives of the three animals, the three women are set to stand trial at Norwich Crown Court later this year [2].

An updated photo of the animals has been released almost a year after the rescue of three lambs belonging to King Charles III. The photo shows the animals fully grown and happy, a sharp contrast to the fate they would have experienced if left unsaved.

Sarah Foy, one of the women who rescued the animals said:

"It's heartwarming to see Sammy, Sunny, and Sooty grown up and enjoying life; they'll now have the opportunity to reach their full lifespan of a decade or more. It's incredible to hear about the bond the three have formed with each other. In a nation of animal lovers, this is how sheep, cows, chickens, and all animals should be able to live."

The release of this photo comes shortly after Animal Rising released a photo of one of the beagles the group rescued from MBR Acres in 2022 [3]. Since Summer 2022, the group has rescued a total of 28 animals on three separate occasions - putting the spotlight on industries such as animal testing and farming.

The action also aimed to highlight the environmental damage caused by animal farming and fishing, with around 16% of UK land is dedicated purely to sheep grazing, whilst providing less than 1% of dietary calories [4].

In 2018, comprehensive research from the University of Oxford showed that 76% of the land currently used for food production would be freed-up by a global transition to plant-based production [5]. This land could be rewilded and begin carbon drawdown, mitigating the worst impacts of climate breakdown.

Dan Kidby, Co-Founder of Animal Rising said:

"I believe that we truly are a nation of animal lovers. Many of us wouldn't hesitate to help a dog trapped in a hot car, and the rescue of Sammy, Sunny, and Sooty is no different. We all have the urge to step up and defend innocent life, and now is the time to bring that compassion to the surface and create a better world for all life."

Animal Rising is a social movement to create a new relationship with all beings and give us a chance for a safe ecological future. The group primarily calls for the transition to a secure and sustainable plant-based food system, alongside a mass rewilding programme.

Sandringham Sheep Rescue: Further Footage Released

- Animal Rising has released further footage of the "open rescue" of 3 sheep from the royal estate at Sandringham yesterday evening [1] [2].
- The group can confirm the animals have not been returned to the farmer or released into the wild, they are safe and with animal experts who will care for them and allow them to live happily.
- The rescuers, Rosa Sharkey, Sarah Foy, and Rose Patterson are now in police custody at Maidenhead.

Rosa Sharkey, 23, said:

"Our actions yesterday have saved a family of sheep from slaughter; but they've also asked a broader question about our broken relationship with animals and nature. We've rescued sheep from Sandringham because the Royal Family, more than any other, have a responsibility to lead by example and show the way towards tackling the climate and nature crises. The sheep here are living beings, worthy of freedom just like any one of us.

King Charles is a self-proclaimed environmentalist and nature lover, it is up to him to put right on that. He and his family are the global representatives of a nation known for being animal lovers - they ought to show it."

[2] Open Rescue is a means of rescuing animals from suffering and captivity inside laboratories, breeding facilities and industrial farms that does not hide the identity of the rescuing humans, who will hand themselves in to the police once the animals have been taken to safety. It was introduced as a tactic by Animals Victoria in Australia to show nonviolence and transparent tactics by those taking action for animals.
